TEMPERATURES FREEZING REPORTED FROM MANY SECTIONS OF STATE

DALLAS, Nov. 19. (AP) -King Snow's icy fingers, with which he gripped some portions of the state yesterday, were being melted away today by a warm sun which spread over most of the state.

Continued cold, however, was forecast for all of the state, and frost, which reached killing proportions in the Panhandle, was expected to extend far south, though not to the lower Rio Grande. Many points in the state reported freezing or near freezing tem-

GENERAL SITUATION HELD TEXAS HUNTERS BRIGHT BY BRADSTREET'S FALL TRADE OUTLOOK GOOD

NEW YORK, Nov. 17.—(I)—Bradstreets said today: Despite irregularities in weather, due to a return to higher temperatures. in most areas and a seasonal slowing down in some important industries, the general situation of trade and industry seems fully equal to the best reports of early fail, and, naturally, suffers nothing in comparison with this date a year ago, when industrial employment was decreasing and trade was reflecting this in rather unsatisfactory advices, as a whole. Prominent in complaints of the weather being too warm for best fall trade are the cities along the Great Lakes and in the old spring-wheat northwest, where sales of heavy clothing, furs and shoes are restricted, whereas quite a few southern cities note the beneficial effects of cooler weather upon

The new statesman declares that President Coolidge broke the ruie that an outgoing president should make no important speech or take any other significant step.

"After years of sonorous silence only punctuated now and then by the utterance of some discreet inanity, he suddenly delivered a sort of dying kick with a viciousness of which few people on this side of the Atlantic would have supposed him capable," the paper said. "Hiss Armistice day speech was in effect a denunciation of Europe and all its works from the standpoint of 100 per cent New England backwoodsman."

The Saturday Review declares that the speech is above all valuable on account of its frankness. "There is no probability that Mr. Hoover will be even as tolerant of European weaknesses as is the present occupant of the White House."

Do you enjoy your food?

If you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off disease. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play.

Rich. red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that nour-ish and sustain the body.

When you get your red blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pim-ples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

Lone Republican Congressman From Texas Loses Seat

SAN ANTONIO, Nov. 15.—(A)—
Representative Harry M. Wurzbach, Texas' only Republican congressman, failed to benefit by last week's sweep to Hoover in the Lone Star state and has lost his seat in the lower house to Augustus McCloskey, Democrat, by 233 votes, according to the unofficial tabulation announced today.

Three small precinct boxes were not included in the tabulation, because they were said to have shown discrepancies, but the Bexar county commissioners said that if all votes in the questioned boxes were included, McCloskey's lead would be 205 votes.

Both candidates have protested the vote in various precincts.

## DATES OF POULTRY SHOW IN CORSICANA HAVE BEEN CHANGED

Dates for the Navarro County Poultry Show, originally scheduled for December 5-6-7-8, have neer changed to December 12-14-15, 1 was announced at the chamber of commerce Saturday by Tack Me garity, president and Henry Gentry, secretary, of the Navarra County Poultry association. The change in dates was made

necessary by a conflict with the mid-winter show at Ennis which had been previously advertised. The Navarro county show uses a large number of coops owned bythe El-lis County Fair association and the change was necessary to obtain the coops and to suit the convenience of the exhibitors who show in both places.

County Agent Gentry took occasion to express apreciation for the splendid spirit of co-operation shown by Jelks Castellaw, secretary of the Ellis County Fair association and to the officials of the fair who have for the past several years leased their equipment to the Navarro County Poultry associa

# PROTEST CHANGE HOUSTON RATES

**ENNIS MAN WITNESS IN THIRD** RENEWAL RATE FIGHT BE-TWEEN TEXAS PORTS

AUSTIN, Nov. 19.—(i)—Organized farmers of Texas would "emphatically protest" if Houston rates should be raised to Galveston's and Texas City's levels in answer to the plea of the latter two cities for freight rate equalization with Houston, the state rallroad commission was told at the third renewal of its hearing on the matter today by W. B. Farris of Ennis, director of the Texas Farm Bureau association and Texas Farm Bureau association and its subsidiary cotton association. Farris , who said his organizaton represented about 50,000 farmers, represented about 50,000 farmers, requested the commission also to consider whether a decrease of the Houston rates to Galveston's level, as another means of equalization, might cause rate increases in other parts of the state in compensation.

He further expressed the view that if the railroads could stand a decrease of Houston rates to equalize port rates, the commission should give farm products the first

ize port rates, the commission should give farm products the first preference instead.

# RED CROSS DRIVE IS OVERSUBSCRIBED

MORE THAN ONE THOUSAND MEMBERSHIPS SECURED IN ANNUAL ROLL CALL

Corsicana and Navarro county has reached their quota of 1,000 memberships in the annual Red Cross Roll Call, and the final reports are expected to show a considerable margin over that figure, Drive Chairman Wilbur A. Wright, announced Monday morning.

Some reports are still due from workers in Corsicana, and the campaign is being conducted in various parts of the county but no reports, have yet been sent in, but the outlying communities are expected to aid in piling up a comfortable advantage. This exceeds all but war records for the Red Cross, in the county, and represents about a 250 per cent increase over the 1927 cam-

"The credit is due the many workers who faithfully and diligently carried on the drive, devoting their time and their efforts to one of the most worthy causes presented to the public today. In spite of inclement weather, they pushed through the two days of intensive work, and then devoted a considerable amount of time to follow-up methods. I wish to express my appreciation for their cooperation and efforts, and at the same time to compliment the city of Corsicana on its splendid achievement," was the statement issued by Director Wright, when it was found that the campaign had been carried to a successful conclusion.

A final report covering the campaign in all parts of the county will likely be ready by the latter part of the week. The greatly increased quota for the county this year was a part of nation-wide attempt to increase the enrollment twenty per cent and to aid in building up a surplus for immediate use in alleviating suffering in the event of a national calamity.

# ELEVEN COUNTIES ASK HIGHWAY AID FROM STATE BOARD

AUSTIN, Nov. 19.—(A)—Bids for approximately \$1,500,000 worth of highway work were received by the state highway department today. Delegations from 11 counties were on hand to discuss road matters with the commission. They sought aid for highway work and asked for and opposed designations and relocations.

Contracts to be let are for work in 19 counties, calling for grading and drainage structure construction aggregating 168 miles. Counties sending delegations to

ask for aid and to take up other local road matters were Bandera, Dallas, Ellis, Ector, Hill, Fannin, Walker, Bee, Hale, Calhoun and

Final action on requests for aid in topping and resurfacing highways in Bandera and Fannin counties will await surveys and reports and recommendations of Gibb Gilchrist, state engineer, as the result of hearings this morning.

Judge A. L. Mansfield of Bandera county headed a delegation which asked for an asphalt top on highway 81 for 32 miles trough Banders county. The highway is now topped from San Antonio to Helotes in Bexar county. The commission was told that Bexar county would top the nine miles from Helotes to the Medina county line. The plan also is to top three miles of the highway across a corner of Medina county. Some of the road will probably have to be relocated = and in this case the counties will be required to furnish a 100 foot right of way and help in reconstructing a part of the grade, the commission said.

Fannin county, through W. F. Keetcon, member of the legislature asked for resurfacing of highway 78 between Bonham and Bailey, 11 miles.

# ADMITS KILLING ANOTHER WOMAN

WICKLIFFE, Ky., Nov. 19.—(P)— Mrs. Lizzie Boudbreaux, 40, in jail here today on a charge of murder, has admitted to authorities that she was responsible for the death vesterday of Mrs. Annie Thornton, 85, whose body was found mutilated with an ax, and says she would do motive for the crime.

The body of the aged woman was found about 3 o'clock in the afterneon by Henry Leach, her son, and less than half an hour later Mrs.

Boudreaux was arrested while attempting to board a boat for Cairo.

Mrs. Boudreaux lived in Padu-ceh until about two months ago. where she operated a lodging house. Leach boarded at her place while engaged in construction work near Paducah, and shortly after his departure for Ohio, Mrs. Bourdeaux is said to have followed.

Mrs. Boudreaux had been residing at the home of Mrs. Thornton for the last two weeks. A divorce bill alleging misconduct on his wife's part was filed by Boudreaux about two weeks ago. ...

# ELECTION CONTEST AS BOX THROWN OU'

DEMOCRAT IS DECLARED ELECTED OVER CITIZENS-REPUBLICAN OPPONENT

EDINBURGH, Nov. 19.--(P)--An election contest today loomed in Hidalgo county following the throwout out of the Weslaco box by the county commissioners on discovery of alleged irregularities in the Novvember 6 election. As a result of this action, J. E.

democrat, seeking re-elec-

tion to the district judgeship, would be declared winner over Gordon citizen-republican, who previously had been regarded as the winner, by the plurarity of 14 votes. Should the commissioners be upheld in their action, the citizensrepublicans will have been successful in only one instance in breaking the solidarity of the county's democratic administration. One 'independent" was elected to the county commission over his democratic 'opponent.

activities. The membership in the
state, he said, totals 116,332.
"Our greatest problem is that of
enlisting a sufficient number of
spiritually trained adult leaders to
adequately take care of these rapidly growing organizations," he
said. "We could double the number of converted men and women
if leaders were available."
Other reports were read by Mrs.

STANDARD OIL MAGNATE TAKE STAND IN OWN BE-HALF IN PERJURY TRIAL

WASHINGTON, Nov. 19.—(F)— The defense rested late today in the perjury trial of Robert W. Stewart, chairman of the board of the Stan-dard Oil Company of Indiana.

WASHINGTON. Nov. 19.—(I)—Justice Jennings Bailey refused to-day in District of Columbia supreme court to direct a verdict of not guilty in the perjury trial of Robert W. Stewart, chairman of the Standard Oil Company of Indiana, as requested by the defense. The defense had requested the directed verdict on Friday when the government concluded presentation of its case against Stewart. the government concluded presentation of its case against Stewart, who is charged with having falscally, sworn before a senate Teapot Dome committee that he had no knowledge of bond transactions of the Continental Trading Company

The decision requires the defense to present its own side of the case and it called Stewart himself to the stand.

Taking the stand in the wake of several character witnesses. Stewart, under questioning by his chief of counsel, Frank J. Hogan, described his appearances before the senate committee. He said that on last February 2 and 3 he testified that he had never personally received any. Relief operations here were well organized yesterday as the swollen Blue river, which drove 300 families from their homes and caused big industrial property damage, returned to its banks.

Tales of heroic rescues from roof-tops came from Clinton, Mo., caught in its worst flood in recent history. Paved arterial highways were under 12 to 14 feet of water and the committee was seeking to trace.

Stewart declared that at that time he was under subpoena as a witness in a criminal case involving the Continental and that in his opinion some of the questions asked him by the committee were not properly subject to inquiry by the committee. These, he said, he had refused to answer.

Stewart criticized the official record of his committee appearances, and declared that a question in the transcript of the senate proceedings which form the basis of one count in the perjury indictment had not been asked of him. This question was as follows:

"Have you had any conversation or knowledge leading you to believe any organization, political or otherwise, was the recipient of any of these bonds?"

The transcript says that this question was asked by Senator Nye of North Dakota, and that Stewart replied:

"lio; sir."

Stewart then told of a late appearance before the senate committee: at which he said he testified that, having been informed that he was to be a participant in profits of the Continental, he organized a trust under which the bonds were held for the Standard Oil of Indiana, or the Sinclair Cride Oil; purchasing Company, the latter eventually receiving them.

In the creation and disposition of the trust fund, Stewart said he acted as a "messenger boy," delivering the bonds to the trustee in unopened packages as received from H. M. Osler, president of the Continental. The value of these bonds he said, was \$759,000.

Cross-examining, U. S. Attorney Leo A. Rover, read questions from the senate committee transcript and asked Stewart if they had been correctly reported. One of these was:

"Colonel Stewart, do you know of anyone who received these bonds that the Continental Trading Company is purported to have dealt in?"

NEW ORLEANS, Nov. 19.—(P)—Greetings from Governor Alfred E. Smith, resting on the gulf coast, were read to the American Federation of Labor today at the opening of its annual convention.

of its annual convention.

He sent his "heartiest felicitations" to the labor men and told them he was not yet "physically fit" to accept their invitation to visit them but before the convention was over he hoped to attend. Hardly had the applause elicited by a series of welcoming addresses by representatives of New Orleans and the state of Louisiana died away before the annual report of the executive council presented the delegates with the slogan to "Double trade union membership in 1929."

Delegates were urged by the executive council to pay particular attention to bringing into the fold workmen on jobs which required ittle previous training, since they have not advanced proportionally with unionized labor. This class ncludes many women workers. The reports reiterated the federa-tion's support of the five day week and said that 165,029 persons af-fillated with organized labor now enjoy the limited working period.
